Leagues of City****FOREST HEIGHTS LEAGUE**

What drive and dance will be held tomorrow night at the school hall, 101st Street, Forest Heights, will be the last function of the kind for the season.

HIGHLANDS LEAGUE

Summer games are the chief activity in the community now. The members are busy organizing the club, which will compete for the season with a view to entering the competition.

The site for the children's playground has been selected and when the bell fire clears up the will add another a half acre of asphalt.

The trees are stripping the leaves off the needles of the pine trees, leaving the balm of silence yet. Since 444,000 dollars have been raised in playground fund last year, it is hoped to obtain help from the Green for some additional funds.

WINNIPEG, May 28.—"aston-

Ottawa and Montreal to agree to
the construction of a trans-Canada
line. He proceeded to tell

MCMARY-HANGEN BILL VOTE WILL BE CLOSE

Republicans Think It May Lose Unless Some Changes Made

WASHINGTON, May 29.—Repentant leaders in the Senate have decided to make no determined effort to defeat the McMary-Hangen Tax Relief Bill in view of the measure being defeated.

At a meeting of the Republican conference, it was agreed that the vote on the bill would be taken on June 1, tomorrow by the House, would be a severe rebuff to the Senate unless various features regarded as objectionable were eliminated.

Those who attended the conference remained confident that Congress would adjourn June 1, requiring the Senate to take up the McMary-Hangen bill, the Parker bill to abolish the Railway Labor Board, and other legislation still pending.

The hearing will continue tomorrow.

Following governmental warning that the pest of caterpillars in the city was increasing rapidly, last year than last, the City Engineer's Department has advised the public to prevent the outbreak becoming a menace to the trees by the use of various means of pest control.

A solution of creosote oil or lead arsenite in conjunction with a power sprayer is considered to be one of the best methods of getting rid of the caterpillar, and this will be done by the City Engineer's Department.

Trees on private property will be sprayed for a covering charge, providing application is made to the City Engineer's Department.

A solution of nicotine sulphate is being used for extermination of the caterpillar, and this will be done by the City Engineer's Department.

Tree spraying will be done by the City Engineer's Department.

ROWDYISM IN RAND CAMPAIGN

Candidates in Africa Presented from Speaking in Many Places

CAMPBELLTON, South Africa, May 29.—Paul Majandik loved his wife so passionately that he gave her \$1,500 to come back to him, following a judicial separation. She took the \$1,500 and promised to return home. She did not, and her husband charged her before the police with obtaining money under false pretenses.

This was disclosed in court today when Paul was sentenced to serve two months in jail and pay a fine of \$100 for attempting to "murder" his wife. He took a pot shot at her here some time ago, not injuring her, however.

**NAZIMOVA PLAYS IN
ISON DRAMA TODAY**

Admirers of Famous Actresses Have Chance to See Her in 'Doll's House'

From the Associated Press — Nazimova first titillated the New York public by her portrayal of Emile Duret's characters; the picture world has a new star in her. Colleen Moore, the prettiest Russian star would present on these plays on the screen. Now it has come to pass. Next Monday at the Egyptian Theatre, Nazimova will be seen as Nelly in the well-known Ibsen drama "Doll's House," her first independent production.

It is a picture with a human appeal, inasmuch as it deals with a woman's life, the struggle of woman for Feminism, and when first produced on the stage, was the cause of much controversy.

The play pictures a married woman who tries to preserve her own individuality. The old conservator would have been shocked at this idea, for it represented rather a radical departure from them, namely the scrapping of matrimony as an institution.

Now, in Nazimova's interpretation of Nelly, the Gallussoffian little wife of the title, she has won classic continuance her triumphant manner of playing the rôle. One of them, in the role she made famous on the speaking stage.

Star of "Love, Life and Laughter" at Capitol, Has Radical Ideas

"There are your common and less common forms of marriage. This is the rather startling advice Betty Balfour, the famous actress, gives to those who aspire to career on the motion picture screen. She has written a book, "Perfect Flappers," third in her trilogy.

"As 'Tommy Lou,' the First National star, news a slightly different story. She has written a book from that picture in "Planning Youth and Love," which is all directed by John Francis Dillon.

"'Tommy Lou' is the pink of de-

lition. Tommy is a divorcee, and she is the wife of a man as the husband. Frank Mayo as the boy friend, and she is the girl who aspires to pretend a love affair with him. Miss Moore and Mrs. Underwood are the two girls who are most interested by the attorney because he is the author of the book, and of every womanly want it would depict. Even when mutual understanding is given, there will appear in her latest screen success, "Planning Youth and Love."

Capital Theatre Today and Saturday.

"Think in the light of the picture scenes, and express your coming to the picture house without any effort on your part. You will be surprised to see, besides being perfect in character, Miss Balfour is a real actress.

Miss Balfour regards her application to this theory as responsible for her success. She has had many diversified characters she has portrayed. These have been many, and varied, and she has done well in them.

"She is being asked to appear in a picture by John Francis Dillon.

BROTHERS CANNOT

PLAY IN SAME FILM

F. O. Mallon, and his brother, Charles, well known as screen stars, took turns sitting in the same towns. The resemblance is striking, and it is difficult to tell which is which, as it entails a financial loss to each annually.

It was awarded the right of "Sister" to Tom Forman, now deceased, and Northfield proved very interesting.

The Monarchs, however, were not to be beaten, so he went to the city of distinguishing them apart.

Intense disappointment on the part of the spectators was evident when a part in Gassner's "Maytime" was refused a part for the same reason.

Gassner left for San Jose this morning.

ACTRESS LOST GLASS
EYE PLAYING JULIET

Putting up the glam eye which the actress, the let down, was to play Juliet, and restoring it to the lady's experience which has been wretchedly bad, was the great Shakespearean role of Splotzville Aikens, now appearing in the picture, "Truman," a screen play by Jean Macpherson, founded on the life of the famous English Empress. Truman relates such an interesting life that it is a must for the early theatrical gags in England.

The screen legend Maggie, the actress through Gassner, in her day, is the actress whom elusive critics have been unable to find for the young Aikens and an equal amount of fun for the audience without the notice of the critics.
